- Figure 2 of the HRS documentation record does not reflect the current site information. The sources have not been updated to reflect the most recent version of the HRS documentation record. *CSC recommends that Figure 2 be updated and resubmitted.*
- Sample SED-9/SEL No. 505888 in Table 10 does not appear on Figure 4 (map) of the HRS documentation record. *CSC suggests that Figure 4 be updated and resubmitted.*
- Two unlabeled figures were submitted with the file names: Wilcox_NWI_Wetlands_2-4-13 and Wilcox_topo_2-4-13. It is unclear whether these files are intended to be

9612772

references or figures within the HRS documentation record, but they do not appear to be labeled or referenced as either. *CSC is seeking clarification regarding these two files.*
